ORDER NO. 4753

Served January 30, 1996

Application of COMMUNITY MULTI-)
SERVICES, INC., Trading as CMS,)
INC., for a Certificate of Authority)
-- Irregular Route Operations)

Case No. AP-95-56

By application accepted for filing December 1, 1995, Community Multi-Services, Inc., a District of Columbia nonprofit corporation trading as CMS, Inc., seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a manufacturer's designed seating capacity of 15 or fewer persons, including the driver.

Notice of this application was served on December 6, 1995, in Order No. 4716, and applicant was directed to publish further notice in a newspaper and file an affidavit of publication. Applicant complied. The application is unopposed.

SUMMARY OF EVIDENCE

The application includes information regarding, among other things, applicant's corporate status, facilities, proposed tariff, finances, and regulatory compliance record.

Applicant proposes commencing operations with eight vans. Applicant's proposed tariff contains a cost-based formula rate calculated on a per capita basis for transportation under the DC Medicaid program.

Applicant filed a balance sheet as of September 30, 1995, showing assets of \$1,078,237; liabilities of \$908,025; and equity of \$170,212. Applicant's projected operating statement for the year ending September 30, 1996, shows income of \$4,675,500 and expense of \$4,675,500.

Applicant certifies it has access to, is familiar with, and will comply with the Compact, the Commission's rules and regulations, and United States Department of Transportation regulations relating to transportation of passengers for hire. Applicant further certifies that neither applicant nor any person controlling, controlled by, or under common control with applicant has any control relationship with a carrier other than applicant.

DISCUSSION AND CONCLUSION

This case is governed by the Compact, Title II, Article XI, Section 7(a), which provides in relevant part that:

. . . the Commission shall issue a certificate to any qualified applicant . . . if it finds that --

(i) the applicant is fit, willing, and able to perform [the] transportation properly, conform to the provisions of this Act, and conform to the rules, regulations, and requirements of the Commission; and

(ii) that the transportation is consistent with the public interest.

Applicant must show the present ability to sustain operations during the first year under WMATC authority.¹ Applicant's current receivables and net projected cash flow, after adjusting for projected depreciation expense, are sufficient to cover both projected expenses and current liabilities.

Based on the evidence in this record, the Commission finds applicant to be fit, willing, and able to perform the proposed transportation properly and to conform with applicable regulatory requirements. The Commission further finds that the proposed transportation is consistent with the public interest.

THEREFORE, IT IS ORDERED:
